Issue is if I buy it. I really have to go back to. Work. But for real.  
And growth requires \$ so exposure on 2 sides  
After speaking real issue is the tax. Yes-- note to stock- taxable event.

I am thinking - pay me 10 mm. Give me 200/250k of stock - ill help u figure it all out - they can't do the deal with out me on their side

I really do not want to get stuck at brg. To much to figure out for growth potential  
I would much rather figure out how to structure a deal with neil + ari - to me 1000 times easier then restaurants -  
And 1000 more fun \*

but would love to hear your thought on both - on fri

ark does not trade, its worth 15 -16 , but no volume, so ? you would be a full month of all the trading volume, to sell . the 1 div is approx 5 % . so why not buy it from barry for a 55 million dollar note. payable in 5 years, 5 % interest. for him same economics. you can negotaitae what piece of the ups as he would get some with the stock, but have great diffciutly getting out unless he sold the entire co.
