Found a little time and did some editing. Not much. Reads very well I think. The changes I introduced are in boldface. Also some queries in bold.

Attached.

Congratulations on the book, and have a great vacation.

Noam

Lawrence, I've attached the clean version of the Chomsky transcript. I've done a first edit where I added footnotes for articles he mentions, books you quoted from, as well as cleaned up the language a little by getting rid of repeated words, and cleaned up any points where you two may have talked over each other. This still needs editing for grammar, clarification, a few places where both of you can expand upon ideas, but this gives you an idea of the content itself.

Our final word count is 18K words in the present state. Once you and Noam have had a chance to read it and are still on board, let me know which publishing route you'd like to go...
