i spoke with john earlier and asked him about email below to JP
he said he received two emails from you at once and it was sent in error

i questioned the hourly billing vs fixed fee and he said it has been hourly from the beginning as the scope keeps changing
john said submissions were made in dec / jan work scope including proposed residences and support buildings since then scope has changed and that is what is taking so much time

i asked john for supporting hourly time sheet backups for every invoice which he said he would send tomorrow
john said he would convert to lump payment schedule provided we had a fixed scope (seems late for this..)
i told john his email with payroll comment was silly and he said it was sadly true...

i told him we would have a 6,000 check available for him tomorrow and would address the balance once timesheets were reviewed
