If you have been following the issues of Rupert Murdoch, and News intl. He closed one of his newspapers in London , after it was caught hacking phones. Well , there is no love lost at the palace for him. They say they have evidence that the NY post hacked my phones , to get to Prince Andrew. They paid a girl to make crazy allegations re Andrew . Murdoch is terrified that there will be a lawsuit in the states that alleges Rico violations etc. He is also nervous about a FCPA action , but less so. His bid for Sky news has been delayed, New intl, is a 40 billion dollar co. The palace has asked if I would bring an action in new york. a) I am not a sympathetic figure, but the girl who accused Andrew is even less credible than Strauss Kahn's maid. b). I'm not sure if I want the battle. c) I'm not sure if you would be conflicted. d) you would need to decide the cause of action.
