Hi Jeffrey

Good to see you those days, you looked in great shape.

We think this artist would make sense.

This WILL NOT lose value. It is a more mature artist.

We think some of those pieces would fit very well in your NY Residence.

Elodie is friendly with the gallery, they are tough in business but we will get something off the price if you are interested.

Let me know if we are going in the right direction

All the best

E
