I am freaking out -as they hate LLC structure with 0-25.

They both think that it is stupid that I am not talking any fee - they are stating that I am underestimating (and hence misunderstanding) how much time will take it not only to source deals but to close, and more importantly maintain LPs informed.

She is suggesting at least fee on "deployed" capital.

She is in the process of writing a long email outlining her other concerns.

I am afraid that the LLC structure will get in 20M from Bill, 10 M from you, and possibly 5M from Nicolas.

I am afraid that Khosla will find his way out (as he is already helping with the office and back office).
