What went on this morning is that I missed my alarm and only woke up at noon because for the first time in 3 nights I didn't have someone clinging on to me so tightly that I spent the entire night between suffocating and trying to free myself. the definition of needy in his sleep.

(And I don't mean trying to free myself like [REDACTED] used to gently do while you were sleeping. I mean forcefully removing myself only to be yanked back into place 3 minutes later.)

They want to clean it before they give it back to us. They say it is a foam that won't damage the embroidering. But... In my opinion we have no guarantee . What do you want? The French lady who had the store says it is filthy.
