I did not see the leak during my drive through. Now I know which area to also look for. I found several other areas that needs improvement and will add to punchlist. On my way to the scar now to locate leak

OK, got it.

Christobal the irrigation guy did his daily drive today. He does that every day. Will go check now and shut it off if still leaking

We spent roughly 2 1/2 - 3 hours on GSJ with Philippe and Kevin, walking and driving so they have seen everything.

They requested photos from angles representing a two story building. That's what I'll be using the drone for as well as new overhead photos showing current road layout

Jeffrey,

Phillipe and Kevin asked for various drone photos on GSJ. Can I use yours or should I send my equipment over here?

I have a Phantom 4 so I'm used to operating them

Thanks

John
