Attachments: outline_MH.pdf

Good afternoon

Here is an outline of the areas that need work, I have numbered so that we can all be on the same page and location. Do we want to have just repairs or a complete fix. Noting that on the west wall surrounding the motor court should be a complete tear down along with areas #2 & 4. And change up the irrigation so not to spray on the walls

Thank you [REDACTED]

[REDACTED];

We need to rebid stucco work so we can compare bids and get a clearer picture of the scope of work and exact costs.

The LES bid (attached) does not break out the areas. The other bids that Wendy received are also not totally clear.

What we need is ;

- Areas identified and listed. (mechanical building, front gate etc.). I believe there are 5 or 6 areas
- We need bids per area, total and per sq ft.
- Approx sq ft per area. You can measure
- An idea of how water is getting in, so the bids can remedy
- How they will fix each area. Sub materials etc.
- Final stucco bid
- Final color
- Plus any thing else you need to add.

Please call to discuss;

Thanks;

Craig
