Oh No! I cooked every steak you've had in nyc sous vide.

Ok sorry it didn't work out I think it was probably moor my poor teaching skills and less the technique. It's hard to teach someone how to cook a good steak... I've spent my life learning how and still am learning myself. Back to the drawing board it is. I am now thinking braised meats will b the best bet for times when I'm not there to cook for you. Again my apologies for your steak I really wanted that to work, and I hate to know you didn't get a great piece o meat cooked for your dinner it kills me as a chef and someone who loves food.
