I would like Barden to reply to one further allegation in this bullshit

She says Epstein and Maxwell asked her  
> to have a child for them and to sign a document signing away  
> the rights to the child in the event that she and Epstein  
> had a falling out. She says she refused this  
> request.

Regarding further detail of the interview which I have reviewed I would like to add one further point to underscore the lack of probity in Ms Roberts claims

At no point in Ms Maxwell's life has she ever contemplated thought or wanted to bring up someone's child as her own and or ask the mother to sign her rights away to the child. In fact the mere idea of such a suggestion is abhorrent. Further, the idea that Ms Maxwell would contemplate an arrangement with someone who abused drugs and alcohol contemporaneously and who was living with her fiancé beggars belief. No document has ever been contemplated, created nor lawyer nor other approached to write such a document at anytime
