Jeffrey
Updates,
B727 Text message from Gary:
Jaffe out for sure...I have sent the mini pack 4 times since Thursday by request...we have some serious lookers but no money up yet.

Heli update, N331JE
Annual Inspection completed, no additional surprises, main Rotor mast and Blades to be installed by Thursday evening, Blade tracking and Test flight scheduled for Friday of this week,.

Nautica Boat:
Making better progress on Rear floor install,
Side brackets have been Epoxy in place, hope to have floor in boat by Friday as well, still have side panels and support fiberglass finishing work to be accomplished.
Rich Kahn spoke to Zed the fiberglass guy, and gave pep talk to Zed, it was well received and helpful.
Hopefully June 30th out of fiberglass shop, but realistically first week of July,
Then Paint shop and Tube installation, (new TUBEs are ready to install)

Thx
Larry

Checking in with you,
If you think I should airline to Newark tonight?

Thx
Larry
