my estimate for the 6,200 sq. ft. metal building

building	275,000
engineering	15,000
concrete	40,000
rust protection	15,000
elect.	<u>10,000</u>
total	355,000

there is a need of putting some floor finish to protect the oil and gas spills from contaminating the water below ,we're reseaching what product will do that,and could add another 60 to 100,000
