Thx...

Need a plan to feel secure (day to day) enough to be productive and creative.

So how does this sound -

1. Talk to Bill this week (should I ask about the [REDACTED] and mention Bill Helman or leave that you?)
2. Put [REDACTED] on hold
3. Think through a strategy to work w [REDACTED] / [REDACTED] and present it to him in late Sept in NYC and decide soon after
4. By mid October will have decided on next private sector opportunity

Other considerations...

- my secondment is safe and enjoyable... Can I build an [REDACTED] story full time vs while still at [REDACTED] (Sept 2015 expires)

- what to do about medical practice and staying current (now doing on weekends and holidays) as it is too valuable to me. [REDACTED] happy to allow me find a way to stay current and he thinks it is cool

- personal stuff with [REDACTED] as I need my own money to have a decent lifestyle and he is not likely to make more. Don't want to take his money or make him feel threatened that anyone is trying. I did help him along every step of the way and we have most properties in joint names. That's hard. So he either gives me something or I make something but I can't really go anywhere without some financial security. I Always want a positive and amicable relationship with him as you know how bitter and vindictive he can be. He's a very smart and thoughtful person. I honestly think he is and has been in love with [REDACTED] (that plastic surgery person from [REDACTED]) since they dated like 20 years ago and I think he missed her a ton. I don't know how to find out if they are having an "affair" but I think it has been ongoing 20 years. They are in constant communication. She is worried about losing money from her loser second husband and not likely to divorce. I've asked him about her once or twice over our 15 years together and he's obstructive and dismissive which makes it sound like a denial/guilty but hard to tell. He has pretty high integrity in other ways but others have hinted to me in past years about his relationship with [REDACTED]. Mostly as just dysfunctional but I think there is something more. I hope so, if it makes him happy. He's not happy now.
