---

Greetings, Betty - good to hear from you! Yes, I would be happy to review the proposal. I have no conflicts with the PIs. I will follow-up with suggestions for additional reviewers once I have a better idea of the content - Best, Mark

**Apologies for multiple emails but it falls off the visible email list very quickly. Would you possibly be able to review this if I extended the deadline to Oct 1? I would very much appreciate it!**

Dear Dr. Tramo,

I'm writing to ask if you would be willing to review a collaborative proposal that was submitted to the Perception, Action, and Cognition program at NSF. I could really use your expertise on this one. The proposal is listed below and we would need your review by Oct 1. If you are willing, and have no conflict with the PIs, please let me know and I'll send instructions for accessing the proposal. Suggestions for additional reviewers are also always welcome.

Thank you in advance (I'm an optimist),

Betty
