Emad , I have a million things to do , batch your emails into one or two a day

Sorry for all the typos .Sent from my iPhone

Jeffrey,

I have been told the RO plant is up and running and producing good fresh water. We will also hold this wire so that you can see for yourself this in fact is up an running.

Attached is another wire request that I think you should see the work completed before we make the payment.

This request is for the water system of the mechanical desal in the amount of \$ 35,513. We have paid \$ 533,944 on a \$ 599,065 contract, which would leave a final payment of \$ 29,608 once we process the current payment request.

Thank you

Emad Hanna
