Good Morning,

Attached Project Request and Approval for Curtain Construction for the Media Room. As noted this includes fabric, blackout & rings. The existing rings will not hold the weight of the new curtains, but the rods will be fine.

I contacted 2 local vendors, neither could provide the selected fabric, another vendor Jo Annes called this morning, could provide the fabric but would be unable to start the work before late June, which is not ideal

Please note the Native Son invoice did have the estimate for the curtains in Sarah's Office, since you have yet to confirm if you wish to move forward with this, since we are unable to locate enough of your selected fabric, I removed those details from the invoice.

If you require any further information please let me know

Warmest regards

Karen
