Importance: Normal

Mr Epstein yes one speaker does not work due to a problem with the krell amp that the speakers are hooked up to , only power from one side. Cutting Edge, Jeff Sternhell said he would discuss the gym room equipment issues at your meeting. He said needs to come back and check all the gym system wiring connections to all devices and will make a list of what needs to be upgraded or repaired. I will also forward a full up date of all mechanical issues pending at all houses. Richard
