Sitting next to Brett Ratner...he produced Woody's 3 hour documentary that just was shown at Cannes. We are about to see Roman Polanski documentary. Brett says hi and he loves you!

Went to opening night last night and festival dinner...saw EVERYONE...
Got ride on Lisa Marie Falcone's jet...husband may be on the way to the slammer...having a ball. More to come.

Gave an extra \$2,500 to Sean Penn's Haiti dinner tomorrow night to go to private after party on Paul Allen's small boat for 70 celebs. Excited.

Have Calvin Klein dinner tonight I worked on. Lot's of celebs too. Have much more to tell. Film starting. Why don't come next year. Peg
