Jeffrey,

May I ask a favor,

We scheduled Taylor's engagement Party in Washington DC for the Saturday November 5th,. I thought that would be a safe date since I was scheduled for GIV training starting the Nov 7th in NY at Simuflite.

I assumed that would be a safe date, since You mentioned that you'd spend most of Nov at LSJ, I certainly understand your schedule changes, I always have your saftey of flight in mind first.

The engagement party is my first meeting of my new in-laws, plus we are flying Brooke and other family members in for this gathering, its been a long time since all four of my family have been Together for some time. I'd really like to be present for this event on Nov 7th, my apology for not mentioning this sooner, I assumed it was a safe month to schedule this.

My thanksgiving vacation request isn't effected, which is Nov 18th thru the 25th.

May I find a well qualified GIV Pilot like Billy DiMarrow or similar to fly with Dave to Paris on the 6th and I'll pick up the Trip in Paris on the 8th?

Thank you in advance,

Larry
