Hi Jeffrey,

Great to “meet” you. John kindly suggested that I reach out, and passed along your email address.

He mentioned that he had spoken with you yesterday, and that you indicated you might like to learn more about my company, [Owl's Brew](#), a tea-based cocktail mixer.

Should this be of interest, I'd be happy to messenger over (or ship out samples), and send along some materials.

Thanks so much in advance and have a terrific weekend!

All best,
Jennie
