Good Morning,.we are planning to travel to Paris on Monday at this time.

Mr Epstein asked if he could demo the G550 you mentioned to him that's based in TEB?

He would fly tomorrow / Saturday from TEB - BED

Teterboro to Bedford,, if the G550 is available?

Trip would depart TEB at 10am Saturday to Bedford and return to TEB at 8pm.

Can you let me know if this is possible?

Thx

Larry

Hi Larry,

Aircraft is at Jet Aviation in Basel (not Geneva) for maintenance and can certainly be viewed while there. We expect the aircraft will be there for another 10 days.

If you want to see it Saturday, we will need confirmation asap as Jet has a limited weekend crew and access is limited.

My colleague Pascal could show it earlier in the day Saturday.

Let me know what works best for you and Mr. Epstein!

Best regards,
