Not to worry. Who cares. I thought it was amusing.

Before coming back to you with Edgebeam, I am going to bring in Ronna Tanenbaum (and her team from Mumbai) to scope it out with drawing so you and others can see what I'm getting at. Here she is, ten years later:

And the next EDGE Prize is for the best caption for this photo:

I wrote to Larry (and Lucy!) about the choppers.

David enjoyed himself immensely with you. The first thing he said on leaving (with a laugh and a smile): "Why can't he spring for another haircut for Vickie Stodden". She did, by the way, show up at SciFoo with her new haircut, new dress, and a new body (after a diet) and wowed the boys. But she's only one dress deep. The second day didn't work at all for her. And then the dress was stolen out of her hotel room in LA. So it goes.
