"Hello Jeffrey,

How are you ?

I hope everything is going Well on the Island.

I'm sorry to send you this so late, but i was working and i just arrived at the apartment.

I was really surprised today when i received the message from your assistant.

I am so thankful to you for everything you are doing for me since the begining.

I said thank you 3 Times, first when i Wrote a message to your assistant, i didnt have your number so i couldn't call you. That was the best way to contact you, ( i thought she will gave me your number but no ...) i also sent a message directly to [REDACTED] when i arrived in the apartment, and finally i talk to you in the phone two days ago and explained you the situation ... And you listened to me and said ok i understand. I apologized also in the phone.

And you said that its all right.

I'm just not use to all this kind of thing. Everything went so fast.

Maybe you wanted something else from me, like a present or something else. I would like to do this, but i can do this kind of thing when i have Time, you should really see my schedule every day , i mean i doesn't have Time to do anything else that my castings, fittings, and jobs.

I always Write to your assistant or [REDACTED] when i have Time between my appointments as soon as i can .

I'm not complaining and not trying to find excuses, i'am just explaining you .

But for you i didn't do it the right way, i'am sorry for that.

Usually i really show this kind of thing at the end, i mean i didn't Know you Well, i never Know what can happen you Know, i was a bit scared at the beggining, you also have to realise that.

I am a really polite person, i always say thank you to everything so i don't really understand what is going on.

The thing is that i'm so respectful to you, i don't want to disturb or borrow you, you are already doing a lot of things to me, that's why i'm a bit on a defensive way.

It's really unusual for me to be in this type of situation, everybody don't have this chance, it's like having an angel with me, but you Know that's not happening all the Time.

Secondly, i talked to Daniel and he explained me what you don't like.

But i realise that we are here in a lots of misunderstandings, that's why the situation is like this now, and make me feel really sad and incomfortable.

First he said that you wanted me to Come wth you to Boston, i didn't came because i had to stay in Town for castings during the Week end on saturday and sunday my agency told me. And i Wrote a message to your secretary to tell her. Did she translate you the message ?

After he said that you organized me a meeting with a certain [REDACTED] ? I have never heard about her . Nobody told me that, we just spoke about the Next agency you and me in the phone and i told you that maybe it's better to wait the end of fashion week, you said yes ..

You didn't explained me who she really was.

Because you Know that im in an agency now , if they Know that i went to an other one i Will have lots of problem because in this fashion world everybody Know everything.

( but Daniel told me that i can meet this person, that i will not have problems , if he said that , i Will, so i have to think about this )

He also talk to me about Patrick and Victor démarchelier. But nothing else, no appointments, nothing.

The only thing i Know about next , was when i talked yesterday to your assistant, she said if you want you can met [REDACTED] from next and again i said that for the moment i'm not sure if it's a good idea ...I thank you again for the apartment , it's a dream apartment, i really like it.

I hope you Will understand me, and give me a chance, because i feel like i am in an "unfair" situation.  
For me i behaved the Way i had too for the information i get.

I hope you Will take this message and my excuses in consideration, thank you.

Waiting for your response

( i am sorry if all my english is not perfect)

I would really prefer to be in relation directly with you, and have you in the phone. But nobody wants to give me your number.

Have a good night
