before judge crow it may make sense to divide arguments between ackerman or knight (the strictly state civil procedure issues) and roy (the larger issues of privilege, the log, the waiver of privilege, the edwards-rothstein interface, the results of depo of the investor - key to have transcribed and available for roy's use on 7-13 to extent it shows RRA involved in illegal electronic interceptions, computer theft etc, the good faith basis to defend against counter-claim, why the case is not subject to dismissal etc) - Ackerman drafted the complaint so he needs to speak to its validity but Roy will be needed to counter the expected attacks from Scarola
