I will tell her that the only way for her to come again would be with a friend.

Dear Mr. Jeffrey,

Hope you are doing fine and job is going well! I am writing this letter to let you know I am doing very well and making a progress in leaning English and preparing for TOEFL. I have lessons every day and already feel more confident about my English knowledge.

Also, I was wondering if I still can reckon on the position? I am very interested in this job and would be extremely happy if I can help you with anything right now. Please, let me know if that is the case.

Thank you for taking your time reading my letter.

Sincerely,
[REDACTED]
