In the process of putting in the New part for the shower Danny E. noticed a small extender for one of the handles were missing/not in the box. The Company mailed out the part on 9/11 Daphne requested the tracking # today but no response. Sylvester said CB2 shower floor will be ready tomorrow afternoon.

They were unable to pull the fiber straight through because of some unknown blockage half way through to Blue Beach so Danny ran a new conduit where the blockage was. They will run it straight through tomorrow morning.

It's been really windy at the Main Compound so they took them down, I asked for them to be spray over before they put them back. They will be put back first thing in the morning.

Ann R.
