cecile seems very happy this did not occur on John's watch
could it really have gone this bad in 2 years he is gone?
isn't expanding EDC benefits and making more available low hanging fruit for income yet Mapp seems to be taking opposite route..

United States Virgin Islands Risks Capsizing Under Weight Of Debt

By Debtwire
United States Virgin Islands (USVI) is not very far behind from facing the same sort of financial crisis as Puer...

With warm regards,
