Tough... Kind of weird when the people you know and your friends become your clients. Started to work right away, it was easier to practice during breakfast time since there were less people. Still have to get used with the tray ( heavy, have to take it with one hand) and many little details to remember. At the end of the day my feet were on fire because they want me to wear hills. Today I've earned like 40euros tip, not bad for a start specially when you drop the whole glass of champagne while surving... Good place to learn discipline. I will survive
