---

Jeffrey,

Attached is our revised proposal which reflects the work scope we have collectively identified.

There are certain items that have been discussed over the course of events that are not included in this proposal as we require additional information / measurements / engineering discussions and will be addressed in a forthcoming change order for your review and acceptance / decline.

These items include:

1. Modifying the lavatory door vacant sign
2. Modifying the entryway / main cabin pocket door vacant sign
3. Removal of the two leather covered shoulder harness buckle protective pads on the fwd bulkheads
4. Removal of L/H forward crew galley annex coffee maker
5. Relocation of the R/H #2 and L/H #2 chairs approximately 2.0" aft
6. Modifying divan arm rest cabinets and fully upholstering to create a residential look
7. Removal of L/H galley dual coffee maker
8. Removal of L/H galley oven
9. Modification of aft lavatory potty seat toilet paper holder area

I am heading over to the Bentley / Rolls dealer in Jericho shortly to compare the leather swatches to the Autumn leather color which is likely the color from your 2006 Bentley Arnage.

I look forward to meeting you tomorrow morning at 8:30am. Should your schedule change, please notify me.

Thank you.

Best Regards,

Eric
