What I'm saying is that for now my plan is to keep doing internships in order to learn as much as possible until I don't find a job that pays well and in the mid time increase my followers on Instagram so that later I can make money out of it with Next but it's a process that takes time. Are you ok with this ?

My agent of Next told me that if I reach 100k followers I can get payed between 100k and 200k per year. Alaia is good for work experience for like 6month and make contacts but then there is no future since they have no money. But it's a good base... what do you think? My boss also lied to me telling me I couldn't get paid more than a 1000 euros per month when the minimum salary in France is around 1200, under it's illegal
