i am just now completing accounting for the \$30,000 you so kindly gave my Foundation ~April 1, 201; though i can find the letter of agreement with the J. Epstein Virgin Islands Foundation, Inc., a/k/a Enhanced Education, this must have come through the mail, since there is no e-mail record at that time--can you give me an e-mail or hard address that i can send my accounting to ?

i will also send a copy to you; you will see that i was pretty scrupulous in spending the money on research and research alone--but it was nevertheless a great blessing in my life--i will shortly write you about me and Rutgers, soon, i hope, to part for good

--

if you are in New York anytime this month, i would love to see you--ideally i would get a word in private with you--but if not the usual lunch would be very welcome

here is hoping everything is fine with you--at least you are not in the newspapers !!

all best

bob
