We would not have written it but for having been asked by the governor and his operative, paewonsky, to do so as a part of a submission being made by the government to get the visa rules for visiting vessels relaxed. But ok.

This visa program would not be seen as contributing to the community, at all. as the main thrust and support the letter implies would be to your own interests. Its about having somwone down there that represents you. knows the locals and works for you. tom is not effective. at all. he is seen to be a northerner that makes trips down. A local person who is the face of your project would be my suggestion, , but again [REDACTED] real estate,not truly my skill set

PS we are asked to, and in fact do things like this all of the time. Just another reason why it is so infuriating to be told that we're not sufficiently helpful to or immersed in the community.

Tom,

The memo is *very* helpful and we appreciate you and your team taking the time and care to put this together on short notice.

The Governor is working to get some language introduced in the Senate and into the House's immigration bill and this is very opportune. We will keep you posted.

Many thanks.

Seb

Seb –

Let me know if this is helpful. I have assumed in pulling this together that a third party is proposing specific changes to the existing visa entry/exit procedures. This paper was prepared with a view to support the notion that changes would result in greater economic activity.

Please call if you would like to discuss

Thanks,

Tom
