I am glad that you liked the plot. I'll be happy to join you in the design. Thanks for the consideration. We can discuss next time we meet.

i think hamad idea is the right one. you and i need to design together . It will be in your family for a LOONNGG time.

we should think of how an arab household works. ie separate women quarters, etc. thank you

Designer name: Renee Tassay. I have seen one of his designed house and if looks good. Will let you know the price once they make the calculations. I think a sample designed available, but Better to plan your own design as per your requirements and preferences. Yes construction will start on other plots as well. Might take two years to complete or maybe less according to respective architects.

There are 2 other options which I'll send you. But the one sent earlier was suggested by Shk. Hamad.

Please see the attached Marrakech plan. Plot No. 1, (46,114 square) is the one Sheikh Hamad has specially marked out for you. This plot as you can notice, entirely faces the Golf course in the front and has only one adjacent plot to it, which will be for Shk Hamad's brother. There are roads on both the left and right sides of the plot.

We had another option to split the plot no. 1 into two plots, each plot facing the golf course. However, we feel this will be much better for you. The buildings marked in the plot are only for preliminary indication purposes. The interior designer is also ready for the project. Shk Hamad will only charge you the cost price for the plot; the price at which he brought the land. Additionally you will have to pay the 6% government registration and related charges.

Check the plan and if you have any comments, modifications or changes required, let me know.

Marrakech is very warm during day @40 C Evenings are good below 20C and sometimes goes to 14 in the night.
