The lady looks great at night. I will take photo tonight as my camera battery died last night.

For the palm trees on the orange line - do you want to go with just 4 trees or put the one that you don't want in front of the wall on the other side. They are finishing the grading on the other side today and finish removing all rocks to get ready for hydroseeding

one the light above the lady is awful, i said to build out a box and put the same light on it NOT A GARDEN LIGHT.. the 5 palms on the orange line, NEVER included a plam in front of the wall.. (man in red shirt),, also the trees by the pool need to be spun so they appear straight form the banquet. ,, the ground is not cleared of rocks.
