Attachments: Trans_AMEX01022012_00003.pdf; Replacement_Transformer.pdf

as discussed, requesting approval to move forward with the purchase of the replacement Transformer
Glidens cost would be approx \$1500

Subject: Replacement Transformer

To: Rich Kahn <[REDACTED]>

Rich

one of the existing transformers beside the mechanical building needs to be replaced due to corrosion of the cooling fins and tank
please note the main body of the unit is stainless steel but the cooling tank that hold 500 gallons of oil is not. The new units spec'd and priced are all Stainless steel.

attached is spec sheet for replacement Transformer for LSJ and estimates from Amex and CSES

the lowest estimate is from Munro Electric @ \$41,420.00 and includes freight to Tropical Florida

It will take Mike Gliden plus helper one day to install

how do you wish to present to Jeffrey or should I , please note there is a 16 to 18 week lead time
I thought it best you see this first due to the dollar amount, before presenting it to Jeffrey

please advise
