Jeffrey

Bill Hammond completed his GIV re-current training today.

I will attend G550 Initial starting June 26th - July 17th.

Dave is scheduled for G550 July 24th finishes Aug 13th

Bill is scheduled for G550 Aug 21st - Sept 13th.

G550 Mx for Pete;

Simuflight in Morristown NJ has put together a G450/G550 maintenance class especially for Pete, since he already has 9 years Experience on G450/550 aircraft, Pete would like to attend this one on one class (5 day) starting June 26th thru June 30th,.

Course highlights: High failure items, trouble shooting, Monthly Computer FMS updates etc. electrical and hydraulics.

cost is \$8000 for the week,. No additional cost,. Meridean will pay Pete's salary, and cover his food and driving expense, no hotel, since Pete will commute each day to class.

Do you approve of this course for Pete?

Cost \$8000

Thx

Larry
