Importance: Normal

I don't know anyone at the Mayo Clinic, but it doesn't seem that the Mayo Clinic should be the one and only place for an opinion. Also, what type of opinion do they want? Whether it is cancer or not?

It is impossible to say what the treatment is going to be without knowing what state the patient is in. Is she a surgical candidate? Has she had previous chemotherapy? So much information that is needed if he wants an opinion on treatment.

If this opinion is purely a pathology reading I can have E [REDACTED] take care of it. He is a lung cancer specialist at New York Hospital. I can also have Raja Flores who is the Mount Sinai equivalent (ie lung cancer specialist) have the slides read by the Sinai crowd. This will mean that the slides will have to be sent to each of these institutions.

I am happy to talk to Sultan on the phone if that helps...? Lastly, the first email eludes to a copy of the open lung biopsy, but there is no attachment in the email you sent to me. Is there a way for you to get that attachment to me?

Dear Jeffrey

Thus is the medieval report for my mother in law can you help me through your connections to get an opinion from mayo clinic on what are the options

Yours

Sultan

Subject: [REDACTED] Report and Biopsy Results

Hi Mr.Sultan
Here is the report done by Dr.Miller and a copy of the [REDACTED] We are planning on sending the slides to probably mayoclinic to be looked at by a lung pathologist
We have been trying to wean here off the ECMO and we are having some improvement.

If you have any questions or the people you are sending these reports to have any questions or need any further information let them contact me via email or phone and I will be more than happy to assist
As you know I care about her like one of my family and I will be willing to help in any way or shape that is beneficial to her case.
