Is my birthday today!!! So happy, but so sad getting older :)

I am still great, and I'm trying not toi ever change that.

I had wenough of the bad treatment from my ex bf, and now is very hard to be alone and not being taken care of at all...life by myself is more difficult. The living situation and money is not great.

I started working as a PA [REDACTED] in london last week. I like it a lot, but is not really what I want it doeswnt challenge me that much, maybe just because I've just started and didn't get to know everyone and everything yet. London is great for me, but i just need to meet the right people!

I think you are great, I have always thought so, your fixation on your boyfriend and you willingness to be treated so poorly by him , caused me to step away. Tell me what job you have
