Daer ms.Nemeth this e mail was dated may 23rd,I was told not to be political during this appointment process including resigning from the RNC and supporting any candidates for natl office.If I am no longer under consideration I would appreciate my situation so I would not be in violation of my instructions ,unfortunately since I was given these instructions by the Governors Counsel I would like an e mail from someone in your office that I am not under consideration for UNDC,with thanks and best wishes jonathan farkas
