Ok

K&S are building doors, but they need to manufacture the frame to hang the doors

This frame will so allow us to remove the doors in the event of a hurricane

Install cost includes  
Frame design  
Manufacturing of frame  
Setting of frame  
Hardware install  
Please note there are no shop drawing to go by

Hope this helps  
We still do not have Internet on LSJ  
Working with I phones only service still bad

Ok

But why \$750 per door?

Gary,

I am on island Monday and will discuss with Tom but why does it cost \$3000 to install two doors. What is special about these? Is there a special piece of equipment that is needed to hang them? If you can provide some details on that Tom and I can go back to K&S

Thanks

Marc

**Subject:** RE: K & S Change order

when k&s bid the wind doors the bid was worded as two pair of doors. Shelia the business partner wrote the bid up but using \$7,200 the price of one opening. I found this out after I left and suggested that Tom go back to them and tell them that they should give us the second opening for \$3,800 because they made the error on the bid.

The good thing is Kent does very good work, the bad is they run a poor business .the other bid we got was \$18,000+

Jeffrey

attached is a change order for one pair additional breezeway doors and two bathroom windows for the relax room

The initial quote was only for one pair ( \$7200.00) of louvered doors not 2 pair. K & S are supplying the second door for \$3800

Tom has reviewed and approved scope of work

are you OK with this?
