---

Greetings Sir,

Brice is having trouble accessing the government's new online Discharge Monitoring Report system. Under Permit # VI0040525, LSJE is required to file quarterly reports for the RO plant with both the local and US Environmental Protection Agency offices for the LSJE permit. These filings were traditionally filed in paper form, but starting this year, the filings will be completed electronically.

May I contact Mr. Benjamin Keularts of the local Environmental Protection Agency office for assistance? Mr. Keularts and Mr. Wayne Donadelle are the persons that monitor the RO plants in the Virgin Islands.

Respectfully, Daphne

Daphne

attached for your reference

I'm still having issues validating Permit # VI0040525, can you please reach out to them and find out what the issue is.

thank you

regards Brice

Good Day Daphne

attached for your file, it appears LSJ Permit VI 0040525 has not yet been migrated to New Net DMR data base.

I will try again to file in the 2017

regards

**Brice Gordon**
