---

Good morning

As of date we are waiting to hear back from the owners of San Cristobal Ranch, regarding the sharing of build out cost at that location. this would be the quickest solution.

I expect to have an answer next week with build out cost.

Century link are putting together a service provision outlining cost for 100, 500 and 1 gig service, I expect to have this next week as well.

I have also sourced a contractor for laying of fiber on ranch, if that becomes a necessity.

Also working on Sandia Crest solution incase for 1st option does not pan out, but as we know from past history, there are lot more people involved in that solution.

regards Brice
