Hi There,

We've got three exciting new Focus@Will updates just in time for Fall!

Drum roll please....

1. Our Classical Channel Has Been Completely Rebuilt!

Our Music Team spent 5 months rebuilding our entire Classical Channel to make it more effective than ever. It is **the world's first custom created streaming Classical Music Channel scientifically re-curated, re-designed, re-edited and remastered specifically for optimizing your flow state.**

Read more about what the "Plus" means in the latest blog written by our Co-Founder and Music Chief, John Vitale: [What Our New Classical Channel Means For You](#)

Login to your account here to experience our new Classical Plus! (first Channel in the Menu).

Or, [signup and join over a million people](#) who use Focus@Will to be more productive and [get stuff done!](#)

2. Focus@Will Is Now Available As a Mac, Windows and Linux Stand-Alone App!

So many of you have asked for this! Enjoy!

Download Focus@Will straight to your desktop here:

3. New "Propeller Drone" BETA Channel

Love our noise Channels? Then our new Propellor Drone Channel might be right up your alley. Created in our studio, **based on the latest 3D audio research**, this channel works best with headphones. Check this out in our LABS section on the second page of the Channel

Menu!

4. Other News

The '*Einstein's Genius*' Channel has been renamed "*Electro Bach*"! New material added, and a new name that better describes the channel :-)
It's Bach meets Electronica!

And, our mobile apps are getting a major update, please stay tuned for more news on this soon!

Stay Focused,

Your Focus@Will Team

P.S. Thanks to you, our Focus@Will community, we recently hit the 1 million subscriber mark!
