Yes, there are system that we normally installed where we can select from three different kelvin temperatures. These are system that are on brand new aircraft.

They are more money than the simple bulb replacement.

I am more than happy to discuss this with you tomorrow, but I have been up since 5:00 this morning and I am beat.

Have a good evening and let me know if you want to discuss lighting options.

I will speak to Larry in the morning to troubleshoot the existing system as I was told you do not want to go forward with the LED bulbs.
