Dear Jeffery

Working with Todd and Guggenheim on AIB,in Dublin for the last three months (I mentioned to you previously ,but now it has gotten more serious)

My partner Joel set it up as his partners in the UK ,the Freshwater family is close with AIB

Todd has taken control of the deal at our behest as he has the banking and balance sheet credibility

It will take quite a bit of money (1-3 bil) and an major opportunity

I have told Todd we will be 50 percent of the equity (big shot that I am) Todd is raising the other 50 percent

I think you need to interject yourself into the process as this is somewhat of a global platform

I further think you should use Peter to spearhead it as this is his sweet spot considering his background

My partner Joel is in England Monday and was going to further brief Peter on Silverstone

If this is of interest to you I suggest you call Todd and tell him I have asked you to be involved and you surface Your desire to have Peter involved

(Prior to your call I will contact Todd to lay the ground work for your call)

After your call with Todd I can have Joel brief Peter so that you can get his view

Let me know if this is of interest,

David
