Hi Jeffrey

how are you? Are you safe and not in Caribbeans ?

I am in mexico city and we just had an earthquake, uh.

May I send you my CV in case you dont mind to connect me to your friends in Bay area ? All day I am in job search mode, difficult times.

There are two model girls, one from Masha, another from Monaco who are considering to send their CVs and photos to you. More likely you have new candidates soon.

Kind regards/Cordialement,
