Will take restrictors off

Agree on over loading and basically no one cares about anything

Logging boat trips, I still do not think he should be driving the boats, Carlos, Randy and I are going to review the boat log format we all agree it does not work. We need to know where people are and when they are coming and going - contractors as well as crew

Randy is just taking PRD back to STT, he will forward photos - it looks great

Sent from my iPhone
