---

Greetings Sir,

Correspondence from Paul Kalloo regarding the GSJ Minor Permits applications. Mr. Kalloo advised that if you need to have an application expedited due to an emergency he is not aware of to please inform him in writing so he can forward to his supervisor.

Would you like me to put in writing my telephone conversation with him?:

to Jeffrey

Greetings Sir,

I spoke with Mr. Kalloo as you requested, reiterating your request for the site visit to expedite the GSJ Minor permitting that will allow you to erect the Quonsets that are direly needed to secure the equipment for this hurricane season.

Respectfully,

Daphne

Good Day Mrs. Wallace,

I have reconfirmed with my supervisor Director Oriol that your client has resolved his past violations against illegal development in the tier one zone. Therefore, I can proceed to processes any future or current applications that you have submitted to our Coastal Zone Division at the Department of Planning and Natural Resources. However, as per our conversation on July 28, 2017 your application will be processed in a first come, first served order in conjunction with the title 12 section 910-7 law. If you have a need to have an application expedited due to an emergency that I am not aware of please inform me in writing so that I can forward it to my supervisor.

Thank You

**Paul Kalloo**
