I have a confirmation after negotiations with JONATHAN that he will make us whole at our current equity holding in AdFin after the conversion of the Cantor note, (will send in separate email) which has not yet been signed off yet

But it appears to be at a 15 percent discount to the purchase price

The plus side is that we would also benefit from that in that we also participated with Cantor in the same offering  
Once there is a complete sign off I will put it in one document so that it is clear
